## A.C.T Canine Association inc.

### SCHEDULE OF COSTS FOR REGISTRATION OF SEMEN COLLECTED IN AUSTRALIA.

@1 January 2013

- Semen Re-registration (Overseas dogs) please use Dogs ACT form ANKC Semen 2A Re-registration of semen.
- Semen Initial Registration (Australian dogs) within 90 days of collection - \$38.00
- Semen Initial Registration (Australian dogs) over 90 days upto 18 months from collection - \$70.00
- Then registration certificate for subsequent individual straw/beads - (related to the same application for registration of semen) - \$10.00

*Example – If you want all semen related to this application registered on the one certificate - \$38.00.*

*If you want individual registration certificates per straw, combination of straws or beads then \$38.00 and \$10 for subsequent registration certificates. ie 5 straws on individual certificates will cost \$78.00.*

*The benefit of this is when using or selling the semen, each amount of semen will have it's own registration certificate. Transfer of registration of that semen will be as per transfer of any animal by completion of the declaration of the rear of each registration certificate.*

*Each certificate will be clearly marked "Semen Only".*

- Transfer of semen – within 28 days of transfers - \$29.00
