8.13 Not For Competition Class NFC (Agility): Amended June 2021

Purpose of Not For Competition (NFC)

To allow dog and handler to participate in any class they are eligible to enter as Not For Competition (NFC), for the purpose of building the confidence of dogs and handlers prior to starting formal competition by allowing them to attempt either a full course or sections of a course and allow handlers to train by rewarding their dogs with a toy in the ring; allowing dogs returning to the sport following injury; and veteran dogs, to continue to participate by jumping at a lower heights and/or in a lower class.

8.13.1 Summary of NFC Class

NFC entry in any class will replace the competition run in that group of classes. It allows a dog to be entered in a class at an equal or lesser standard than it would normally compete and also allows the dog to jump an equal or lesser height than it would normally jump. For example, a 500 Masters dog could enter NFC Excellent class at 400 jump height. A NFC run will replace the dog's competition run in that class and not entitle dogs to additional runs.

A NFC run will allow the handler to use a non-audible toy for reward in the ring but the toy must not leave the handlers person. No food will be allowed in the ring on a NFC run.

8.13.2 Entry into NFC Class

8.13.2.1 The competitor shall nominate on the entry form under Entered in Class: NFC plus the class they wish to enter (for example "Novice Jumping") and under Height At Shoulder: they shall nominate the height they wish to be entered in (for example, a 600 dog can nominate 500, 400, 300, 200). The handler/owner must state these three details (NFC, Class & Height Category). A NFC run will replace the dog's competition run in that group of classes for e.g. a Masters 400 dog can choose to do a NFC run in the Excellent class (e.g. ADX) at 300 height - the NFC run would replace the dog's Masters class (e.g. ADM).

8.13.2.2 Trial Secretaries will include the entry in the catalogue with a NFC number and the entry shall be added into the class nominated.

8.13.2.3 The dog may be entered in a height that is equal or lower than its competition height, with the exception of 200 dogs, but the dog cannot be entered in a height greater than its competition height.

8.13.2.4 The dog may be entered in a class that is equal or lower than its competition class with the exception of Novice dogs but the dog cannot be entered in a class higher than it is entitled. For instance, a Novice titled dog could not be entered into a Masters class even though it may jump a lesser height.

8.13.2.5 Provided the dog is entered in that class, a competitor can request a change to a NFC run when entering the ring but the dog can only be run at the height and class nominated on the entry form.

8.13.2.6 A NFC Entry is non-competitive, no cards of any kind (qualifying or non-qualifying) are to be awarded and a NFC entry will not be eligible for ribbons/trophies or prizes.

8.13.2.7 There will be no separate class, course or judge for NFC entries.

8.13.2.8 NFC entries will be at the discretion of the Affiliated club for any classes at an ANKC sanctioned competition. A NFC entry that is nominated on the entry form may have a reduced fee at the club's discretion.

8.13.3 Trial Procedures.

8.13.3.1 The judge and ring stewards shall still perform their normal duties, except no faults shall be indicated or recorded, and no time shall be recorded for a NFC entry. The judge shall ensure that the conduct of the handler and dog is appropriate and that the course or parts of the course attempted by the dog and handler are attempted safely within the rules of Agility and the capabilities of the dog.

8.13.3.2 A competitor running NFC will only be given time in the ring up to the Standard Course Time (SCT). Timing for NFC will start when the dog negotiates the first obstacle the handler indicates or if the handler triggers the electronic timing gate. If manual timing is used, the time will start when the dog or handler passes this first obstacle.

8.13.3.3 The dog and handler shall enter the ring, indicate that this is a NFC run and take up position in front of the first obstacle to be attempted. The judge will indicate when the run can be commenced.

8.13.3.4 A NFC run allows a dog to perform the whole course in the order as set out by the judge or parts of the course, provided that any parts of the course chosen by the competitor follows the numbers in the order as set out by the judge. For example, a competitor may choose to perform obstacles 5 to 14 but may not perform these obstacles backward.

8.13.3.5 When the handler enters the ring with their NFC number displayed, or if they have chosen to change to a NFC run when entering the ring, it is the handlers responsibility to clearly indicate to the judge and stewards both verbally and by using a T signal time-out (tips of fingers of one hand touching the palm of the other hand) with their hands that it is a NFC run. The judge will confirm the signal back to the handler and scribe. No time will be recorded for NFC runs. The scribe will enter NFC against the dog's number on the score sheet.

8.13.3.6 The handler may not enter the ring for a competition run and then once in the ring change their mind and swap to NFC. That decision must be clearly indicated to the judge before they start their round and/or undertake any rewarding or training in the ring.

8.13.3.7 NFC runs will allow handlers to use non-audible toys in the ring but the toy must not be dropped or leave the handlers person. No food or toys containing food are to be used in the ring. Although the toy or training aid can be visible to the dog, a handler who is running NFC may not use the toy/training aid when entering the ring to take up position. Once the judge has confirmed that the run is NFC the toy/training aid can be used, otherwise the handler may be dismissed.

8.13.3.8 The scribe/timekeeper is to sound a horn, blow a whistle or otherwise indicate to the handler that their time is finished at the end of the SCT for a NFC run. At the end of the SCT the handler should promptly remove their dog from the ring. Failure to quickly exit the ring at SCT may result in the judge dismissing the competitor.
